LOCAL EXCHANGE SERVICE**SECTION 3 – SERVICE DESCRIPTIONS (continued)****3.35 T-Remote**

T-Remote is for multi-location T-1 based business customers whose host or master location subscribes to T-PAC, Simplici-T or Simplici-T Plus Service but who also require analog service at additional, smaller locations. Customers, however, are allowed no more than seven (7) T-Remote locations per T-1.

Customers subscribing to T-Remote must sign a term agreement coterminous with that of the host/master location. Customers are eligible for term discounts and are subject to the same discontinuance provisions associated with the local product to which the host account is subscribed. T-Remote can only be sold to locations linked to a T-1 based host site subscribed to the local products listed above, and is not available as a stand-alone product option.

Customers subscribing to T-Remote are required to designate ITC^DeltaCom as both their local and long distance service provider. T LD, T_5000 LD, T_2500, and Horizon LD are the ITC^DeltaCom long distance services allowed for use with T-Remote, but consistency must be maintained between locations that are billed on the same account. If the customer has T LD at the host/master location, their T-Remote locations must have T LD as well.

(N)**(T)**

If Expanded Calling Service is included on the customer's associated T-1 based product, Expanded Calling Service will also apply to T-Remote lines.

In addition, each T-Remote line includes the customer's choice of calling features listed below, subject to availability in the serving central office and compatibility with other calling features.
